

**Arab Barometer Wave I  
(2006-2007)**

**Technical Report**

## Algeria

---

<b>Country</b>	Algeria
<b>Dates of Data Collection</b>	2006
<b>Language of Data Collection</b>	Arabic, French
<b>Mode of Data Collection</b>	Interviewer administered Paper and Pencil Interviews
<b>Target Population</b>	Citizens 18 and above
<b>Sampling Frame</b>	Census 1998
<b>Sample Design</b>	Area probability sample for selection of communes with quotas for age, education and gender
<b>Sample Size</b>	1300
<b>Local Partner</b>	Algiers University

## Bahrain

---

<b>Country</b>	Bahrain
<b>Dates of Data Collection</b>	2009
<b>Language of Data Collection</b>	Arabic
<b>Mode of Data Collection</b>	Interviewer administered Paper and Pencil Interviews
<b>Target Population</b>	Citizens 18 and above
<b>Sampling Frame</b>	Central Informatics Organization
<b>Sample Design</b>	Random probability sample
<b>Sample Size</b>	435
<b>Local Partner</b>	Bahrain Center for Studies and Research
<b>Special Events</b>	Political and social turmoil after the mass pardons of late April 2009.

## Jordan

---

<b>Country</b>	Jordan
<b>Dates of Data Collection</b>	2007
<b>Language of Data Collection</b>	Arabic
<b>Mode of Data Collection</b>	Interviewer administered Paper and Pencil Interviews
<b>Target Population</b>	Citizens 18 and above
<b>Sampling Frame</b>	1994 Census
<b>Sample Design</b>	Multistage stratified sample Governorates and main cities and settlement
<b>Stratification</b>	(urban/rural)
<b>Number of Governorates</b>	12+5
<b>Number of Settlements</b>	2
<b>Total Number of Strata</b>	34
<b>Total number of sampled PSUs</b>	100
<b>Total number of interviews per Sampling point</b>	12
<b>PSU Selection</b>	Probability proportional to size Systematic skip interval of households with random starting point
<b>Household Selection</b>	
<b>Respondent Selection</b>	Kish table
<b>Sample Size</b>	1,143
<b>Response Rate</b>	95%
<b>Local Partner</b>	Center for Strategic Studies

## Lebanon

---

<b>Country</b>	Lebanon
<b>Dates of Data Collection</b>	2007
<b>Language of Data Collection</b>	Arabic
<b>Mode of Data Collection</b>	Interviewer administered Paper and Pencil Interviews
<b>Target Population</b>	Citizens 18 and above
<b>Excluded Populations</b>	Rural areas in Beirut and security belt zone in South Lebanon
<b>Stratification</b>	Multistage stratified sample
<b>Number of Governorates</b>	Governorate and settlement (urban/rural)
<b>PSU Selection</b>	Probability proportional to size
<b>Household Selection</b>	Systematic skip interval of households with random starting point
<b>Respondent Selection</b>	Kish table
<b>Sample Size</b>	1,195
<b>Local Partner</b>	Statistics Lebanon Ltd.

## Morocco

---

<b>Country</b>	Morocco
<b>Dates of Data Collection</b>	2006
<b>Language of Data Collection</b>	Arabic
<b>Mode of Data Collection</b>	Interviewer administered Paper and Pencil Interviews
<b>Target Population</b>	Citizens 18 and above
<b>Sampling Frame</b>	National Bureau of Statistics in Morocco
<b>Sample Design</b>	Area probability sample with quotas for type of living situation, gender, age, whether married or not, socio-economic level and level of education.
<b>Stratification</b>	Governorate and settlement (urban/rural)
<b>Total number of sampled PSUs</b>	100
<b>Sample Size</b>	1,277
<b>Local Partner</b>	Hassan II-Mohammaedia University

## Palestine

---

<b>Country</b>	Palestine
<b>Dates of Data Collection</b>	2006
<b>Language of Data Collection</b>	Arabic
<b>Mode of Data Collection</b>	Interviewer administered Paper and Pencil Interviews
<b>Target Population</b>	Adults 18 and above
<b>Sampling Frame</b>	1997 Census
<b>Sample Design</b>	Multistage stratified sample
<b>Stratification</b>	Governorate and settlement (urban/rural/refugee camp)
<b>Number of Governorates</b>	16
<b>Number of Settlements</b>	3
<b>Total number of sampled PSUs</b>	120
<b>Total number of interviews per Sampling point</b>	11
<b>PSU Selection</b>	Probability proportional to size Systematic skip interval of households with random starting point
<b>Household Selection</b>	
<b>Respondent Selection</b>	Kish table
<b>Sample Size</b>	1,370
<b>Effective Sample Size</b>	1,270
<b>Local Partner</b>	Palestine Center for Policy and Survey Research

## Yemen

---

<b>Dates of Data Collection</b>	2007
<b>Language of Data Collection</b>	Arabic
<b>Mode of Data Collection</b>	Interviewer administered Paper and Pencil Interviews
<b>Target Population</b>	Citizens 18 and above
<b>Sample Design</b>	Multistage stratified sample
<b>Stratification</b>	Governorate and settlement (urban/rural)
<b>Number of Governorates</b>	21
<b>Number of Settlements</b>	2
<b>PSU Selection</b>	Probability proportional to size
<b>Respondent Selection</b>	Kish table
<b>Sample Size</b>	1,182
<b>Effective Sample Size</b>	717
<b>Local Partner</b>	Statistics Authority; Interactions in Development
