Arab Barometer Wave VIII

Good morning/afternoon/evening,

My name is [INSERT FULL NAME] from [INSERT FIELD ORGANIZATION'S NAME]. We are conducting a survey on the opinions of citizens in [YOUR COUNTRY] on a variety of important social and economic issues. The survey is conducted on behalf of the Arab Barometer, a joint, academically driven initiative by universities across the Arab world and the United States. You have been randomly selected to participate, and your participation is of great importance for the success of this project.

The survey interview takes approximately 45 minutes. Your answers will be completely anonymous and will be kept absolutely confidential. The survey does not involve any risks to you personally or to [your country]. All information collected in this survey will be used for scientific research purposes.

Your participation is entirely voluntary. If at some point you are not comfortable with the interview, or with the way it's going, you can ask us to stop the interview. If there are any questions you are not comfortable with, you do not have to answer them.

The study team has taken all CDC-suggested safety measures to minimize exposure to SARS-CoV-2 (the cause of COVID-19)

Do you have any questions for us?

[NOTE TO INTERVIEWER: If yes, answer the questions. If not, continue.]

Well, if any questions come up, please let us know during the interview or afterwards.

ABOUT ARAB BAROMETER

Arab Barometer is a nonpartisan research network that provides insight into the social, political, and economic attitudes and values of ordinary citizens across the Arab world.

We have been conducting rigorous, and nationally representative public opinion surveys on probability samples of the adult populations across the Arab world since 2006 across 15 countries.

We are the longest-standing and the largest repository of publicly available data on the views of men and women in the MENA region. Our findings give a voice to the needs and concerns of Arab publics.
